Application No. 09/011,811
Filed: July 6, 1999
For: Hydraulically Stabilised and Remote-Controlled
Operator Crane

This is a decision on the petition under 37 CFR 1.137(b), filed June 18, 2001, to revive the above-identified application.

The petition is **GRANTED**.

The above-identified application became abandoned for failure to respond to the non-final Office action mailed September 14, 1999, which set a shortened statutory period for reply of three (3) months. No extensions of time under the provisions of 37 CFR 1.136(a) were obtained. Accordingly, the above-identified application became abandoned on December 15, 1999. A Notice of Abandonment was mailed on April 11, 2000.

37 CFR 1.137(b)(3) requires a statement that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 CFR 1.137(b) was unintentional. Since the statement contained in the instant petition varies from the language required by 37 CFR 1.137(b)(3), the statement contained in the instant petition is being construed as the statement required by 37 CFR 1.137(b)(3) and petitioner must notify the Office if this is **not** a correct interpretation of the statement contained in the instant petition

The petitioner has met the requirements to revive the above-identified application, pursuant to 37 CFR 1.137(b). Petitioner submitted the required reply in the form of an amendment, the payment of the petition fee, and made a statement which is being construed as the proper statement of unintentional delay.

The application file is being forwarded to Technology Center 3600 for processing.

Telephone inquiries concerning this decision should be directed to Petitions Attorney Paul Shanowski at (703) 305-0011.
